

Josie

Josie is Agnes' friend invited for the bridal shower before Agnes' wedding. Agnes is getting married tomorrow and so today, four of her childhood girlfriends come to the Scottish village Auldearn to see her. Josie lives in Paris; she went there after school to pursue her fashion designer career. She cares a lot about her career; she has sacrificed very much in her life and she keeps investing in it. Josie fully transitioned to female when she was in high school.

She currently has a steady boyfriend in Paris but she is afraid that he doesn't love her, that he is cheating on her because she spends a lot of her time working. Josie also has a problem with self-confidence when it comes to relationships - she is afraid she's not attractive or interesting enough for a man to love her.

She wants to warn Agnes against fickle men who are untrustworthy and unfaithful. She had her fair share of disappointment with men and she wants to pass this experience to Agnes.

Other Characters

In reality, Josie came mainly to see Agnes; her relationship with the other girls is not at its best; at least she doesn't know what to expect of them.

Agnes

Agnes is getting married tomorrow, she is naive and inexperienced. Josie is worried about her. She has never seen the world outside the village and she may be an easy prey for men to do as they please with her and then leave her.

Jessica

She has always wanted to have a big family. At present, she is married and lives in Italy. She has a husband and a big family there, just as she wanted; in fact, she is pregnant again (with baby No. 4!). Josie will never have children of her own; it upsets her and she envies Jessica a little bit.

Mary

She is a good girl; people know her as everyone's quiet darling, always with a smile on her face. Mary has always been searching for true love; she wanted a man who knows what he wants and whom she could rely on. It is because Mary herself has no clue about what she wants from life, and she thinks that she can be happy with someone who will decide that for her. Now, she lives in Spain with her husband.

Carla

Carla was always straightforward and impertinent in school; sometimes, she was even a little rough. Right after Carla finished school, her parents sent her to Germany where she later found her husband. She has always been able to take care of herself and she was not afraid of telling other people what to do. Carla always cared about not being poor and it seems it worked out for her well. She is a hillbilly who doesn't know how to comport herself and her husband is just as disgusting. Carla may not be aware of it, it seems they are a good match, but it doesn't change the fact that they are gross.

The TV Series

There is a TV series running in France. It's called Don Juan and Josie likes to watch it. It is a big hit; a romantic show about love and betrayal.

Don Juan is a handsome charming man who can get any woman he sets his eyes on.

However, he never sticks with any of his conquests and he inevitably betrays each of them.

Previously on the show:

Don Juan has been caught in Don Carlos' house with Don Carlos' wife. Don Carlos attempted to kill Don Juan, but Don Juan won the swordfight and killed Don Carlos.

Subsequently, he fled and left Rosalia, Don Carlos' wife, alone and widowed.

- A typical guy! He enjoys himself, makes a screaming mess and runs away, leaving it all behind. All men are like that!
